

February 27, 2026

Dear Shawano County Citizens,

The County Board is working on a master plan for the courthouse, jail and sheriff's office, work release center (Huber), and county library, and wants to keep you informed along the way.

These facilities are aging and decisions on short-term fixes and long-term solutions are being considered. The county has hired a design team, Venture Architects, to evaluate each building to identify current building conditions and provide options to address the needs identified.

The County Board is carefully reviewing this information to determine the most practical and cost-effective path forward. Our goal is to be thoughtful with taxpayer dollars while ensuring these essential public facilities can safely and efficiently serve our community now and into the future.

A project website has been created to help share more information with you and can be found at [www.shawanocountymasterplanning.com](http://www.shawanocountymasterplanning.com). The site includes details and supporting documents about the need, the options being considered, tax impact, and answers to frequently asked questions.

### **Next Steps:**

We encourage you to visit the website and attend an upcoming community information meeting (see dates and times on back). If you have questions, you may submit them through the website or contact your County Board Supervisor directly. Thank you for your time and interest in the future of Shawano County.

Sincerely,

### **THE SHAWANO COUNTY BOARD OF SUPERVISORS**
